

Is the position you want to drop out for 2+ weeks on IR or CUT according to the ESPN Website?

Yes

You may drop the player or another player on your roster in the same position and add a Free Agent at the same position for the following cost:

#6 Free Agent – Free
Note: Free agent rank will be according to the ESPN Website for that specific position.

Important Note

All moves must be completed by Matt P. or Matt M.
Please email your moves to them by the first game of the week for the change to be effective for that week.
